NO DUE CLEARANCE PORTAL

Faculty / Admin User Guide

For Faculty Advisors and administrators: manage students, open the request window, promote semesters and manage departments.

Faculty Advisor login · Promotion & Settings

Portal
nodue.gces.net.in

Version
November 2026

Audience
Faculty / Admin

AT A GLANCE

Your role

You keep the student list correct and decide *when* students can ask for clearance. The offices decide *who* is cleared.

Who	Does what
Faculty / Admin	Add, edit and remove students · open / close the request window · promote semesters · manage departments · class reports
Offices	Library, College, Hostel and Department approve or reject requests (see the **Staff User Guide**). The Faculty login cannot approve or reject.
Students	Fill their profile, send requests, track status, reset their own password by email (see the **Student User Guide**)

ONE SEMESTER

1 · Prepare
Add students, set Hosteller / Day Scholar, 7.5 list

→

2 · Open
Enable No Due Access

→

3 · Follow up
Class reports, remind students

→

4 · Close
Disable (or it closes by itself)

→

5 · Next semester
Remove Sem 8 → Promote

1
semester
per Department + Year. The portal enforces this everywhere.

500
students
at most in one Bulk Add.

75
days
recommended request window.

UNDO
promotion
until students send new requests.

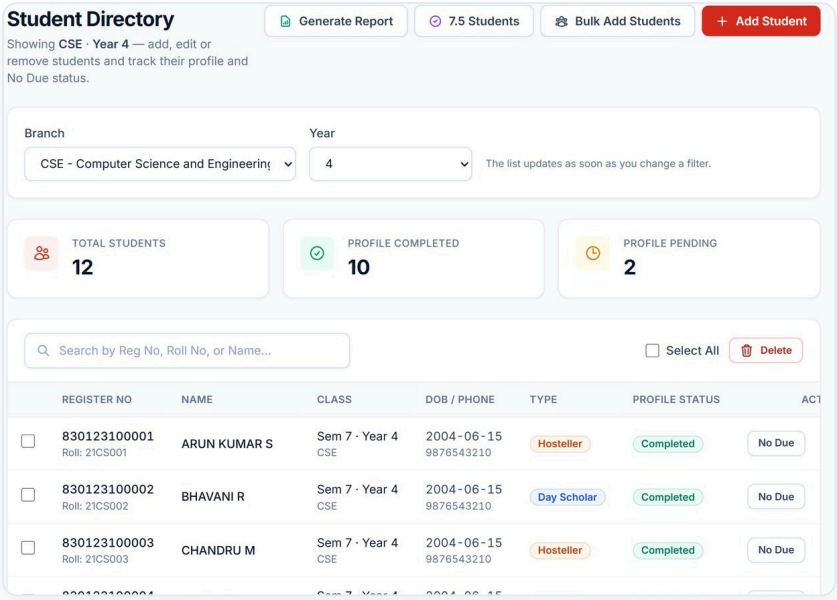

In this guide

1	Student Directory and adding students	4	Promote students
2	Edit, 7.5 scheme, delete, reports	5	Undo, fixing classes, Semester 8 and archive
3	Settings and the request window	6	Departments, problems, quick reference

STEP 1

Student Directory and adding students

Log in with **Institution Login** → Office **Faculty Advisor** (details from the administrator). Choose a **Branch** and **Year** to open a class.

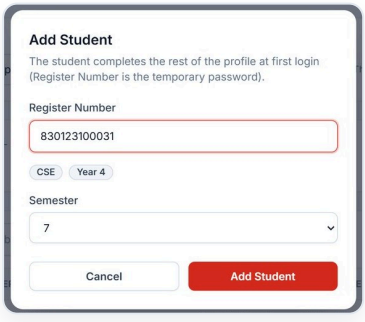

Student Directory — counters, search, Profile Status, No Due and Edit buttons

Add one student

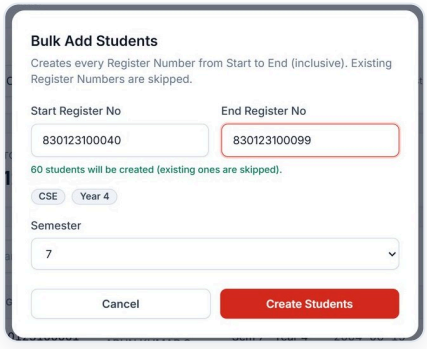

1. Open the class → **Add Student**.
2. Enter the **12-digit Register Number**, pick the **Semester**.
3. Press **Add Student**.

Add many (Bulk Add)

1. **Bulk Add Students**.
2. Enter **Start** and **End Register No** (up to 500).
3. Pick the **Semester** → **Create Students**. Existing numbers are skipped.

Add Student

Bulk Add

RULES

- The semester must match the class (e.g. CSE Year 4 is in Semester 7 → choose 7).
- New students start as **Hosteller** — change Day Scholars with **Edit**.
- Student's first password = Register Number. **Profile Status** turns **Completed** after their first login.

STEP 2

Edit, 7.5 scheme, delete, reports

Edit

Press **Edit** → change details, **Email** or **Student Type** → **Update**.

Student lost access to their email? Put the right email here, then they use *Forgot Password*.

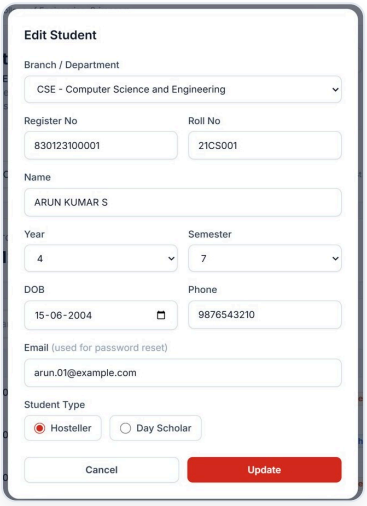

7.5 Students

Tick **every** 7.5% scheme student of the class → **Submit**.

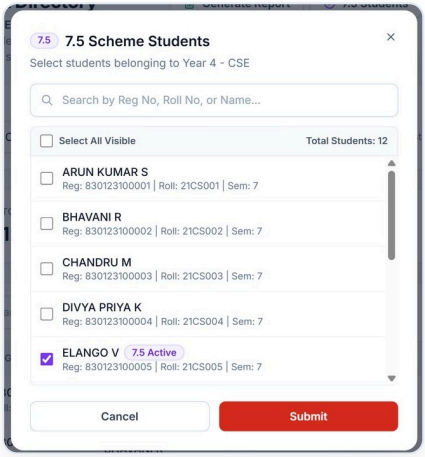

Unticked = not 7.5. They don't upload a hostel receipt.

No Due status

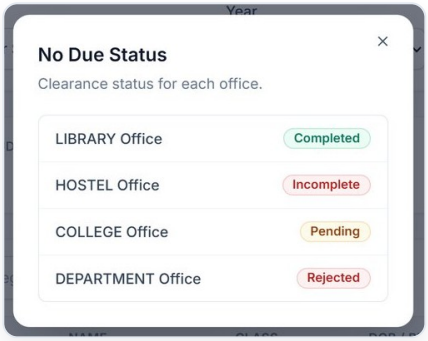

Press **No Due** on a row to see each office: Completed, Pending, Rejected or Incomplete.

Edit Student

7.5 Students

No Due Status

Delete

Tick students (or **Select All**) → **Delete** → **Yes**.

Safe: deleted students go to **Archived students** and can be restored (Step 5).

Class report (PDF)

Open a class → **Generate Report**. Shows every student's status for each office and an overall status: Completed, Rejected, Pending or Incomplete.

STEP 3

Settings and the request window

Unlock Promotion & Settings

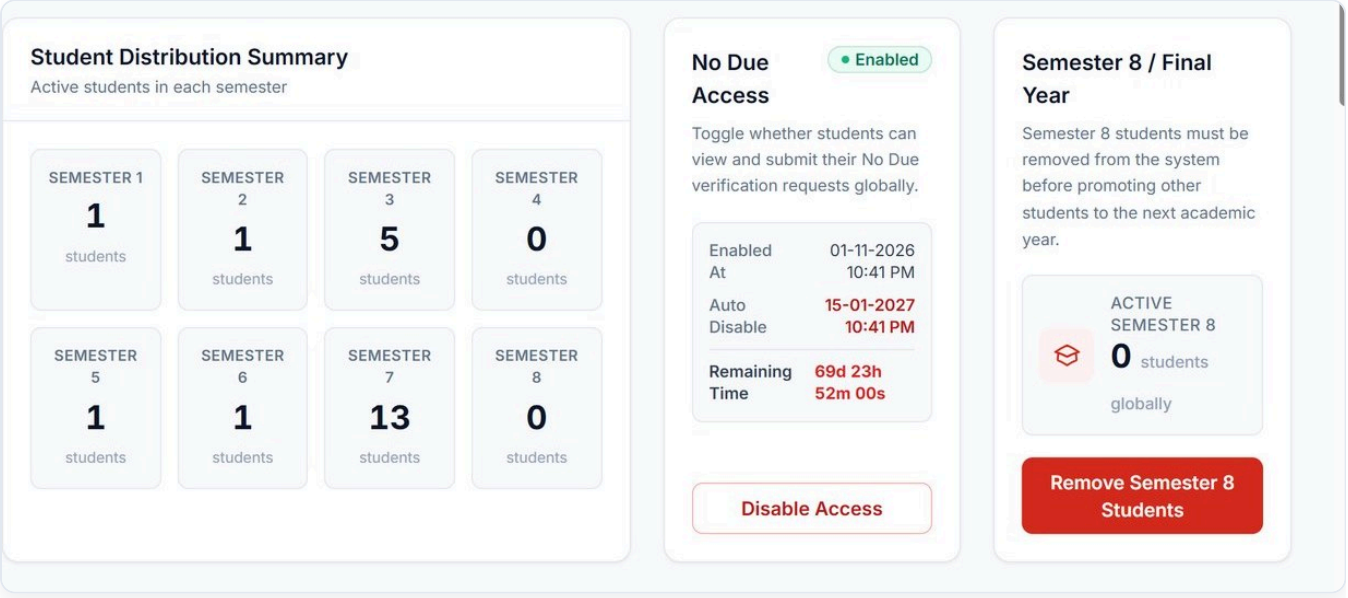

1. Sidebar → **Promotion & Settings**.
2. Enter the **Access Password** (from the administrator) → **Verify & Unlock**.

It stays unlocked until you log out.

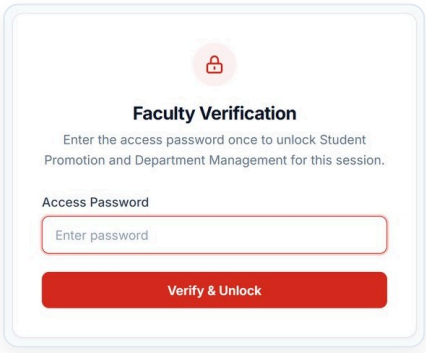

Open / close requests (No Due Access)

1. **Enable Access** → choose **75 days** or a **custom end date and time** → **Enable Access**.
2. To close early: **Disable Access**.

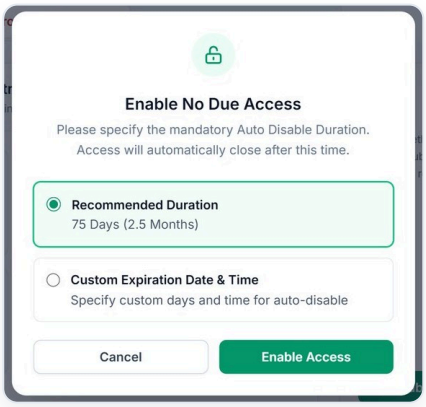

It closes by itself at the end time. Students see *Locked* while it is closed.

Promotion & Settings — students per semester, No Due Access, Semester 8

Unlock

Enable No Due Access

STEP 4

Promote students

Moves students to the next semester and gives them fresh No Due requests. Past clearance stays in History.

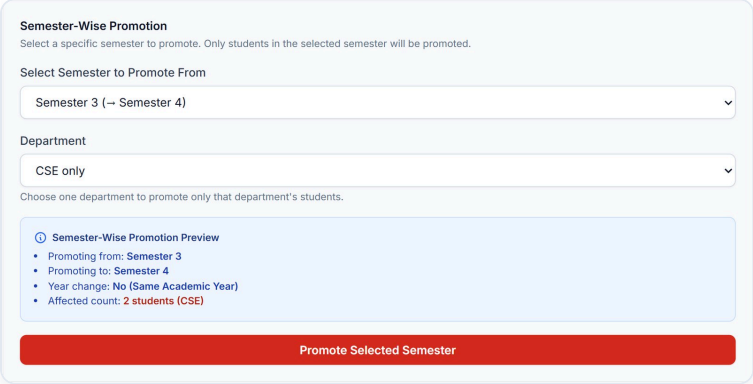

From → To	Year	Needs
Sem 1 → 2 · 3 → 4 · 5 → 6 · 7 → 8	Same year	—
Sem 2 → 3 · 4 → 5 · 6 → 7	Year +1	Semester 8 must be empty

Everyone (Semesters 1–7)

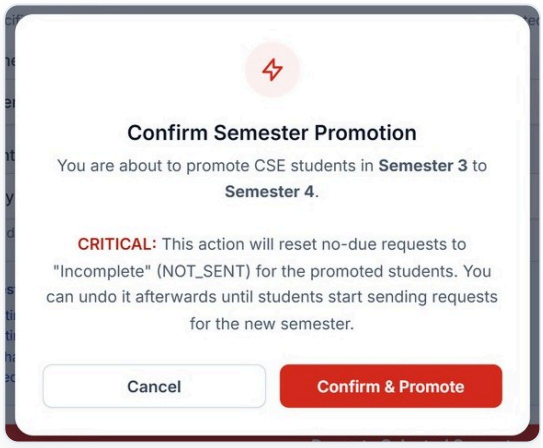

1. Remove Semester 8 students first (Step 5).
2. Check the green **Ready for Promotion** message.
3. **Promote Students** → confirm.

One semester only

1. Open **Need Semester-Wise Promotion?**.
2. Pick the semester and the department (or all).
3. Check the preview → **Promote Selected Semester** → **Confirm & Promote**.

Semester-wise: Sem 3 → 4, CSE only

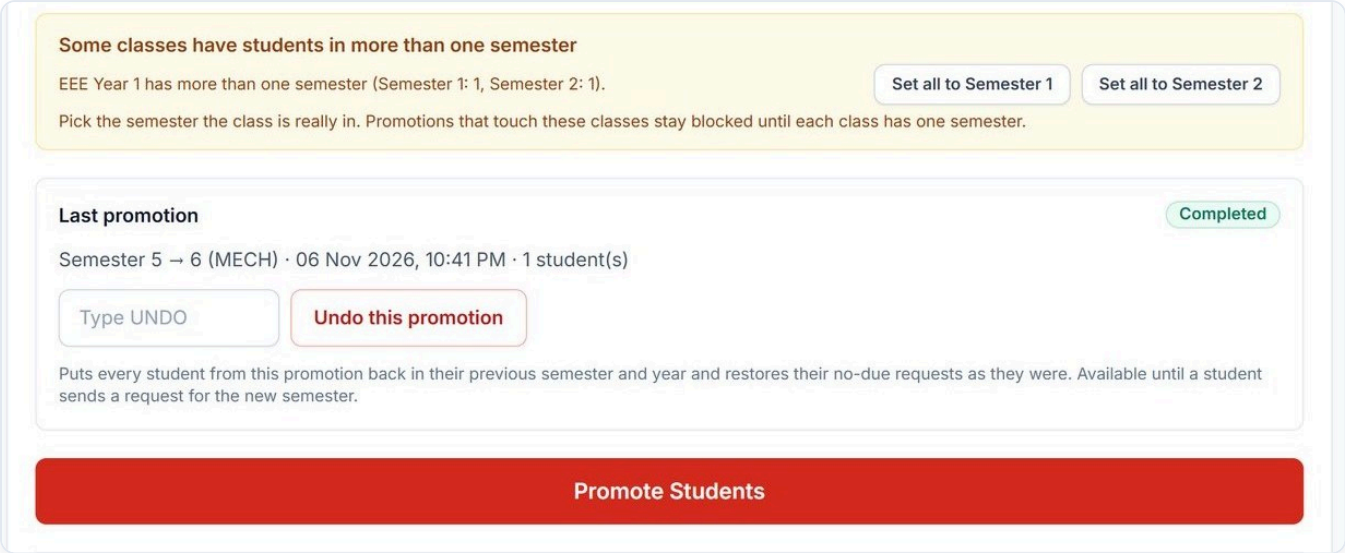

Confirm

SAFE The portal blocks any promotion that would mix semesters in a class or merge two batches, and refuses if the numbers changed since you opened the page. If something fails, nothing is changed.

STEP 5

Undo, fixing classes, Semester 8 and archive

Mixed-class warning and **Last promotion** with Undo

Undo the last promotion

Type `UNDO` → **Undo this promotion**. Students go back to their old semester.

Only the latest promotion, and only until a student sends a request for the new semester.

Fix a mixed class

If a class shows two semesters, press **Set all to Semester X** for the right one. It can be undone the same way.

Remove Semester 8 (final year)

Remove Semester 8 Students → **Yes, Remove All**. They move to **Archived students**.

Restore

At the bottom of the page tick archived students → **Restore selected**. Skipped if their Register / Roll No is now used or their class moved to another semester.

Archived students

STEP 6

Departments, problems, quick reference

Departments

- **Add:** name (2–100) + code (2–20: A–Z, 0–9, - _ &), both unique.
- **Deactivate:** hides it from lists; students stay.
- **Delete:** only when it has no students.
- **Don't change the code** of a department that has students.

Password Management (3rd tab)

- See every office, department and Promotion password — press **Show**.
- **Change** → new username / password → **Save**. Works immediately.
- New department? Set its password here to create its login.
- 5 wrong passwords lock a login for 15 minutes; saving a new password unlocks it.

Message / problem	Quick fix
"...must all be in the same semester, so use Semester X."	Choose the semester shown.
"...has more than one semester"	Use **Set all to Semester X**.
"Remove ... Semester 8 student(s) before promoting"	Remove Semester 8 first.
"Student numbers changed since this page was opened"	Reload the page and try again.
"A semester promotion is running right now"	Wait a minute and try again.
"Undo is no longer available"	Correct students one by one with Edit.
Student forgot password	They use Forgot Password. No / wrong email → fix it in Edit.
Deleted the wrong student	Restore from Archived students.
An office forgot its password / "Too many wrong attempts"	Password Management tab → **Show** or **Change** (or wait 15 minutes).

Quick reference

New students: Add / Bulk Add

Default type: Hosteller — edit Day Scholars

Open requests: Enable Access (75 days)

Promote: remove Sem 8 → Promote

Mistake? Type UNDO before new requests

Deleted / Sem 8: Archive → Restore
