AT A GLANCE

Your part in No Due clearance

Students send a request to your office. You check your records and press Approve or Reject. That's it.

Office	You see requests from	You check
Library	All students	Books returned, library dues
College	All students	College fees and dues
Hostel	Hostellers only	SBI reference number + fee receipt
Department	Only your department's students	Lab records, department dues

LIFE OF ONE REQUEST

Student sends — It appears in your list → **You check** — Your records / receipt → **Approve** — Student sees *Completed* → **or Reject** — Student sees your reason and can try again

2
rejections
The 2nd rejection of the same student pauses them for 24 hours.

2
days
A request you don't answer in 2 days goes back to the student.

0
refresh
The page updates by itself when new requests arrive.

In this guide

1	Log in and your page	4	Check a class and download reports
2	Approve or reject (Library, College, Department)	5	Problems and checklist
3	Hostel Office: check receipts		

STEP 1

Log in and your page

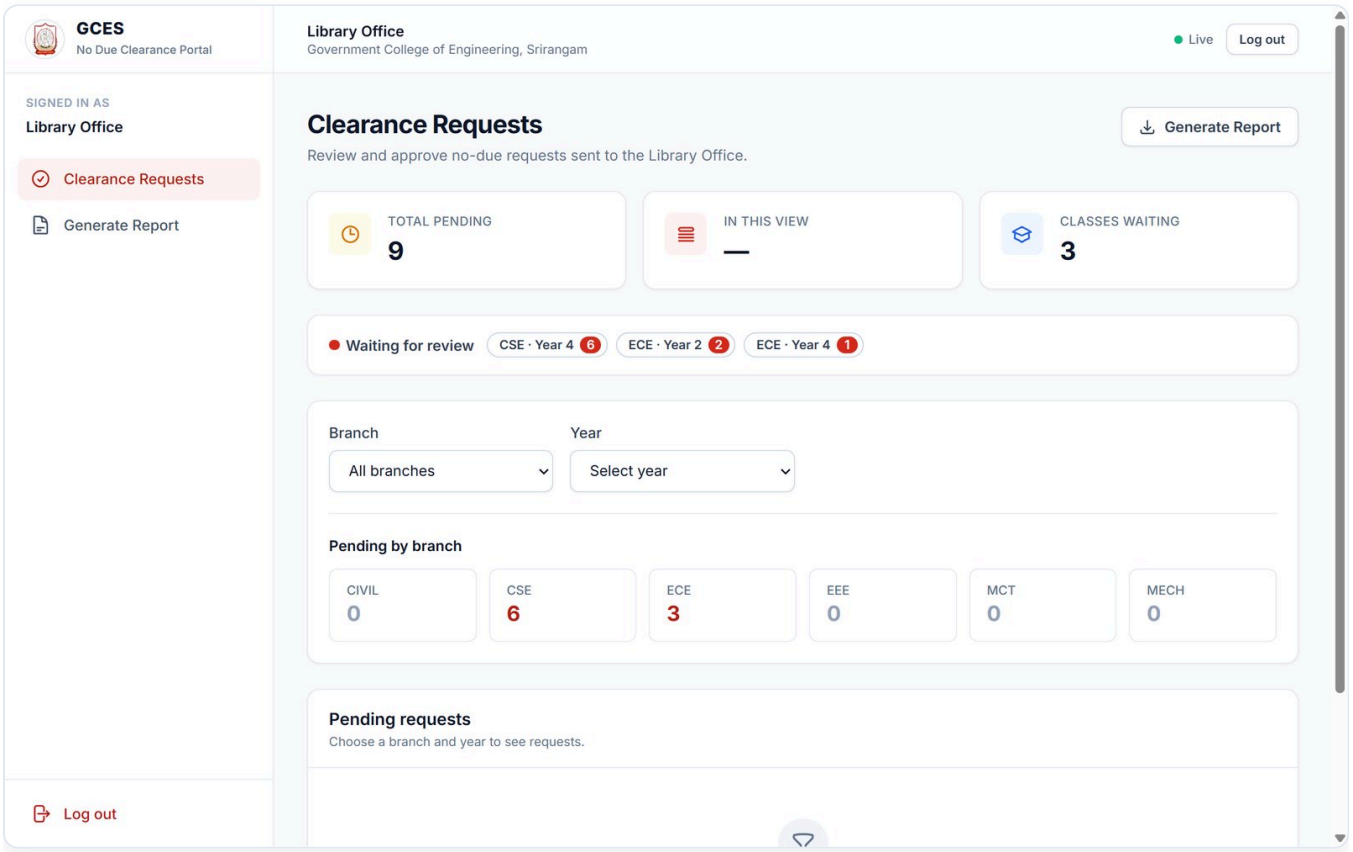

Log in

1. On the home page use **Institution Login**.
2. Choose your **Office**. Department staff also choose the **Department**.
3. Enter the username and password given by the administrator → **Login**.

Login details are not printed in this guide. Always **Log out** on a shared computer.

What you see

- **Counters** — total pending, in this class, classes waiting.
- **Waiting for review** — one chip per class, e.g. CSE · Year 4 6. Click it to open the class.
- **Live** — green dot: updates are on.

Your page after login (Library Office)

DAILY Log in → click each chip under **Waiting for review** → approve who is clear → reject the rest with a clear reason.

STEP 2

Approve or reject

Library, College and Department offices. You can handle one student or many at once.

Approve

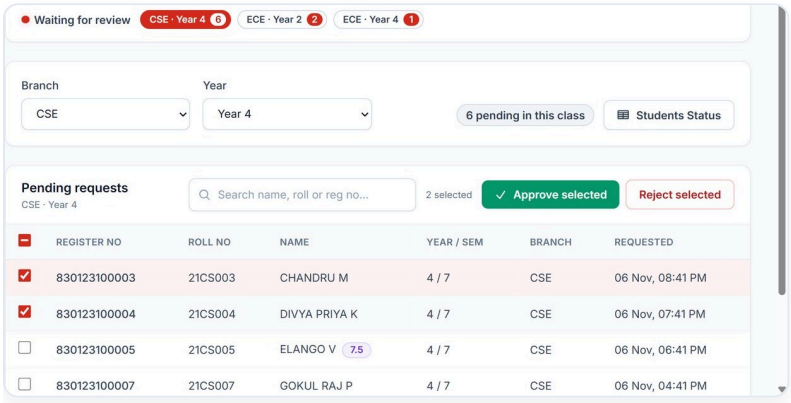

1. Open a class (click its chip).
2. Tick the students who are clear. The top box ticks all.
3. Press **Approve selected**.

Use the search box to find a student by name, roll or register number. Approval can't be undone.

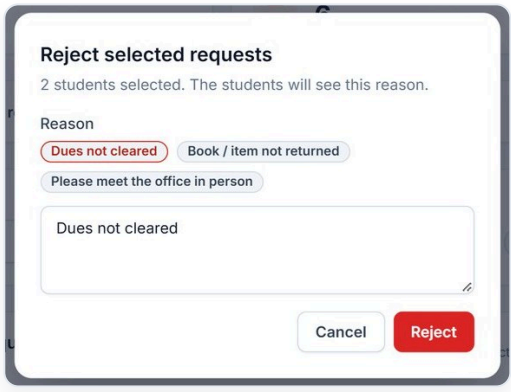

Reject

1. Tick the students and press **Reject selected**.
2. Click a ready reason or type your own.
3. Press **Reject**. The student sees the reason at once.

Write a reason the student can act on, e.g. *"Return the DBMS book"*.

Two students selected

Reject with a reason

RULE Each student has **2 attempts** per office. Your **2nd rejection** of the same student pauses them for **24 hours**.

STEP 3

Hostel Office: check receipts

Hostellers send their SBI reference number and a fee receipt. Each student is one card.

Approve

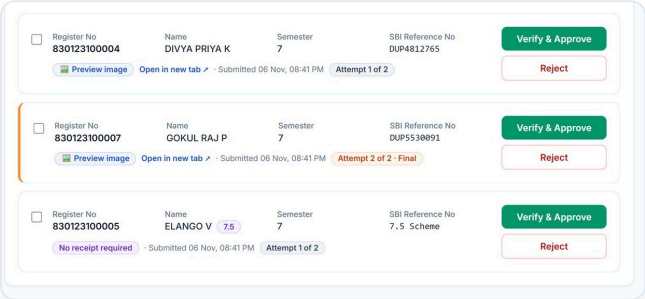

1. Press **Verify & Approve**. The receipt opens.
2. Check: **reference number matches**, **name and amount are right**, **receipt is clear**.
3. Press **Approve**.

Many at once: tick cards → **Approve selected** → confirm.

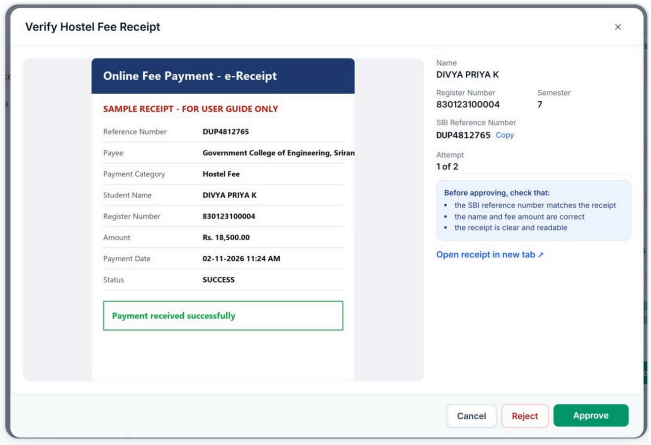

Reject

1. Press **Reject** on the card.
2. Pick a reason (unclear receipt, wrong reference, wrong amount, wrong document).
3. Press **Reject Request**.

Attempt 2 of 2 · Final → rejecting starts the 24-hour pause.

Request cards with attempt badges

Verify & Approve (sample receipt)

No receipt required = 7.5% scheme student. Just check and approve.

STEP 4

Check a class and download reports

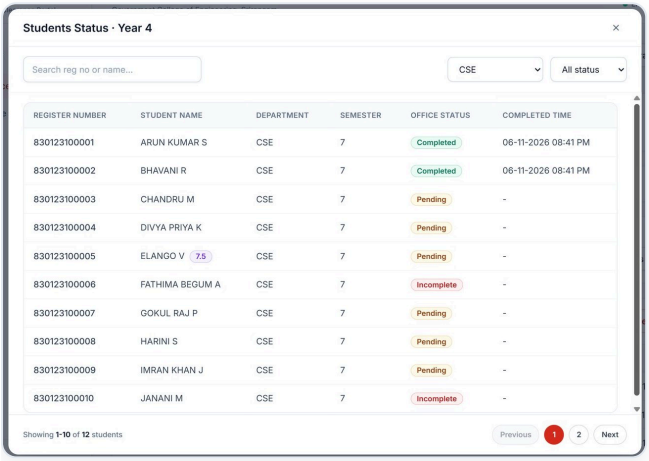

Students Status

Open a class → **Students Status**. Every student of that year with your office's status:

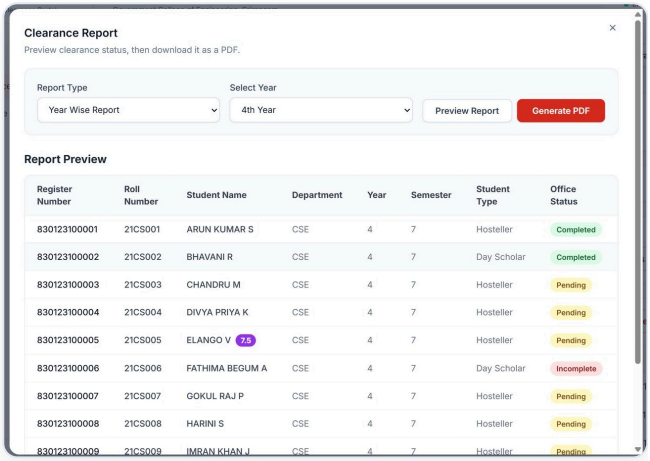

Completed approved · **Pending** waiting for you · **Incomplete** not sent or rejected

Reports (PDF)

1. Press **Generate Report**.
2. Choose **Year Wise**, **Branch Wise** or **Year + Branch**.
3. **Preview Report** → **Generate PDF**.

Department logins

Same page, but only **your department's** students. Choose only the **Year**. Reports: Year Wise or Year + Department.

Live updates

- New request in your open class → list refreshes itself.
- New request in another class → alert at top right for 8 seconds; press **View**.
- The browser tab shows your pending count.

STEP 5

Problems and checklist

Problem	Quick fix
"Invalid credentials"	Check the Office (and Department) box, then username and password.
"Too many wrong attempts"	5 wrong passwords lock that login for 15 minutes. Wait, or ask the Faculty / Admin to reset your password.
List is empty	Click a class chip under **Waiting for review**.
"Select at least one student first."	Tick a row before Approve or Reject.
Student says they sent it, you can't see it	Open **Students Status** and search the name — it may be in another class, already handled, or expired.
Student not listed at all	Ask their Faculty Advisor to check the student record.
Approved the wrong student	Approvals are final — contact the portal administrator.
Receipt won't open	Use **Open in new tab**. Unreadable? Reject: *Receipt is unclear*.
Logged out suddenly	About 2 hours without activity. Log in again.
